We invite you to contact one of our satisfied customers to hear how they feel about working with JMC Development. When you're ready for an estimate, we will provide you with the contact information of over 200 customers who were so pleased with the quality of our work and service, that they granted us permission to give out their names and numbers to other prospective JMC customers. Meanwhile, we encourage you to read these letters.

Now that the holiday frenzy is over I figured I would write a much over due thank you note. During sixteen years in this house I have dealt with many construction crews and service people but certainly none who were more thorough, efficient or helpful as your crew. It was the only time I truly felt that my interests were truly being considered before the conveniences of the job. Each group of workers - from the demolition/clean-up crew, to the electrician, plumber, tile installers and finishers - knew their part of the project and completed it promptly and with true craftsmanship. Many thanks to all of you for a great job.

We also appreciated the fine workmanship and attention to detail your staff gave to the project.

This is just a short note to indicate our appreciation on the deck replacement you completed last week. From the beginning with your timely estimate to the completion of the job - right on schedule - it was a pleasure to deal with you and your crew. The new deck is a handsome addition to our backyard and should provide us many days of pleasant relaxation.

Once again, we would like to compliment your firm in its professionalism and attentiveness to our concerns. We would be most happy to recommend your company to anyone requiring additions, alterations or repairs to their home.

The speed and ability of the workers who remodeled my bathroom made me wonder why I ever considered using one of those lay-over tubs. I had a new bathroom in less than 7 days.

I would like to thank you and your staff for the fine work in the upgrade of our bathroom. Even with the total gutting of the room there was surprisingly little mess to the rest of the house. Your workers were very tidy and did a very good job. We are very pleased with the quality of the workmanship and look forward to using your company for future projects.

Please thank your workers for us. We would be happy to recommend your company to anyone.

I want to thank and commend you and your team for the fine job done on our addition. We are very pleased with the final product, the quick progress of the entire job, the neatness of your crew, and especially your personal touch and design suggestions.

Pete R., Randolph

I wanted to let you know how pleased we are with the work. We understand that this job involved every construction task except roofing. The workmanship was first-rate. Your people were always there on time, were polite, and did an excellent job of keeping the worksite and staging areas swept and clean. The work was carried out efficiently and accurately.

In particular, I was impressed with Roger's care and attention to detail, his communication skills, and by Ken's tiling and on-site coordination efforts. My initial contact with JMC was with Debbie, who was helpful, professional, and friendly.

I would certainly consider JMC for any future work on our home.
